Introduction

With the November 2016 passage of Proposition I, San Francisco voters established the **Dignity Fund**, creating protected funding for social services that support older people and adults with disabilities to safely live and engage in the community. The Dignity Fund is administered by the **San Francisco Department of Disability and Aging Services (DAS)**, the City's lead agency focused on seniors and people with disabilities.

The Dignity Fund legislation guided DAS to **institute a rigorous planning and evaluation process** to ensure that funds are distributed responsibly and transparently to best address community needs. The Department is committed to **tracking meaningful and measurable objectives that help us understand the performance and impact of services** supported by the Dignity Fund. To this end, we publish an annual data and evaluation report that summarizes this information on our programs, and ultimately serves as an important resource for DAS service providers, staff, and other City and community stakeholders.

This Data and Evaluation Report is focused on Dignity Fund services¹ in FY 2021-22. This document, and the data snapshots it contains, provides rich insight into the scope and scale of Dignity Fund services. When paired with the Department's qualitative research, collaborative discussions with service providers and partners, and ongoing engagement with community voice, we can develop an even fuller picture of our programs and impact.

It also bears noting that this reporting period occurred during our city's ongoing recovery following the **global COVID-19 pandemic**. FY 2021-22 was characterized by efforts across the DAS service network to establish a new normal, including the return of many in-person services and work to sustain hybrid service delivery models that had proven popular with clients even at the height of the emergency. **Our data for this period are very much a reflection of times — and should be interpreted with this context in mind.**

Please see the *Highlights from FY 2021-22* section of this report for a summary of key achievements across Dignity Fund services in this period.

¹ Services that receive or are eligible to receive funding through the Dignity Fund.

Background

San Francisco Department of Disability and Aging Services

Within the City and County of San Francisco, **the Department of Disability and Aging Services (DAS)** is the government agency charged with **coordinating services for older adults, veterans, people with disabilities, and their families to maximize safety, health, and independence**. As the state-designated Area Agency on Aging for San Francisco, DAS is responsible under the federal Older Americans Act to serve as the lead on local aging issues.

DAS is located within the San Francisco Human Services Agency, which delivers a safety net of services and public benefits to promote wellbeing and independence. Each year, **DAS serves over 70,000 unduplicated clients directly through our department programs and through partnerships with community-based organizations**. With an overall budget of \$455 million in FY 2021-22, DAS is supported by a staff of 371 employees and contracts with over 60 community organizations to deliver services.

Dignity Fund

The **Dignity Fund** was established via a charter amendment passed by San Francisco voters as Proposition I in 2016. This legislation **created a dedicated and protected funding source** — called the Dignity Fund — for social services that support older adults and adults with disabilities to safely live and engage in the community. It also **instituted a planning and four-year funding process** to ensure Dignity Fund money is appropriately and purposefully spent to address community needs. Finally, the legislation **formed an oversight body** to monitor and participate in the administration of the Dignity Fund and to ensure the Fund is managed in a manner accountable to the community.

The Dignity Fund primarily supports community-based services² that help San Francisco's seniors and adults with disabilities to age with dignity in their communities, with particular attention to improving equity among historically disadvantaged groups and underserved neighborhoods. The allocation of Dignity Fund dollars in FY 2021-22 was informed by the **2018 Dignity Fund Community Needs Assessment** and subsequent four-year funding plan, the **Dignity Fund Service and Allocation Plan for FY 2019-20 to FY 2022-23**. These reports, as well as additional information about the Dignity Fund, are available online at <https://www.sfhhsa.org/das>.

² The Dignity Fund legislation describes services that are eligible for funding through this revenue source. It also outlines ineligible services, such as mandated programs funded by the federal or state government.

Ongoing Efforts to Track Progress and Measure Success

Tracking program deliverables and service outcomes is critical to ensure that the Dignity Fund is achieving its intended impact in the community and making best use of available resources. Building on our existing efforts to ensure robust data collection across our service network, and to use data to inform continuous quality improvement, equity considerations, and other policy and program decisions, DAS formalized and implemented a coordinated three-part framework for performance measurement and outcome evaluation:

- **Annual Data and Evaluation Report:** A fiscal year snapshot of service deliverables and outcomes for all Dignity-Fund eligible services. This snapshot includes metrics describing client demographic profile, service units provided, and program outcomes aggregated by service and grouped further by service area.
- **Focus Area Reports:** Program- or topic-specific analyses that delve more deeply into key issues of interest DAS identifies through the Dignity Fund Community Needs Assessment, Data & Evaluation Reports, and with input from the Oversight and Advisory Committee. Examples of past reports include equity analysis of service engagement among communities of color and LGBTQ+ populations, assessment of caregiver needs, and analysis of Legal Assistance program trends.
- **Cycle-End Evaluation Report:** A report synthesizing information from the Annual Data and Evaluation Reports and Focus Area Reports to analyze trends and impact of the Dignity Fund over the funding cycle. We will prepare the first-ever Cycle-End Evaluation Report after the conclusion of the FY 2019-20 to FY 2022-23 funding cycle.

MEASURING OUTCOMES AND IMPACT ACROSS OUR SERVICES

Continuous performance measurement is an essential part of the Dignity Fund Outcome and Evaluation Plan. **In all our direct services and community-based programs, DAS tracks key metrics** over time to understand how our services support older adults and people with disabilities to live in the community. In the FY 2019-20 to FY 2022-23 funding cycle, DAS began a process to **improve performance measurement across our services** by adopting more meaningful and reliable outcome measures at the individual service level, and by **developing a shared outcome objective framework** structured by our service areas.

This framework — which we developed with input from the Dignity Fund Oversight and Advisory Committee and Service Provider Working Group — allows the Department to **more effectively describe the combined impact of our services.** Under this framework, DAS services are organized into seven broad service areas based on shared underlying goals. For each service area, this shared purpose provides direction for outcome themes that guide our development of measurable objectives for those services. While we may tailor specific outcome measures to a specific program model or population, we also ensure outcome objectives for each service align with priority outcome themes. Using this approach, the Department can understand and describe the shared impact of our more than 50 Dignity Fund programs within and across service areas.

Reading this Report

This report is organized into seven sections, each of which corresponds to one of **seven DAS service areas**. The Department groups services into service areas based on their primary underlying goal. This framework helps us better understand the scope and collective impact of DAS services in improving the lives of older and disabled San Franciscans. These areas are:

- **Access & Empowerment:** To educate, empower, and support older adults and people with disabilities to access needed benefits and participate in services.
- **Caregiver Support:** To support the wellbeing of family and friend caregivers and their care recipients through education, counseling, resources, and connection.
- **Case Management & Care Navigation:** To facilitate service connections and support individuals with complex needs to navigate available resources and promote stability in the community.
- **Community Connection & Engagement:** To provide opportunities for older people and adults with disabilities to socialize, build community, and participate in a meaningful way in their community.
- **Housing Support:** To support seniors and adults with disabilities to maintain stable housing through service connection and community engagement.
- **Nutrition & Wellness:** To promote physical health and wellbeing for older adults and adults with disabilities by providing nutritious foods and supporting healthy lifestyles.
- **Self-Care & Safety:** To support older adults and people with disabilities to meet their needs in the most independent setting, safe from abuse and self-neglect.

ORGANIZATION OF SERVICE AREA SECTIONS

Each section begins with an overview of the service area, including the primary themes for outcome measurement and key highlights from FY 2021-22 for those services.

Sections also contain service-specific performance profiles that summarize key service and outcome objectives. Outcome measures are grouped by theme; key themes for a service area marked with an asterisk. Where client-level data is available,³ demographic profiles by service are also included, capturing characteristics like race/ethnicity, sexual orientation and gender identity, and age.

ADDITIONAL REFERENCE MATERIALS

This report contains several appendices that may help inform interpretation of the data, including information about DAS services (Appendix A), a zip code map (Appendix B), and an overall profile of individuals served in FY 2021-22 (Appendix C).

³ Most Dignity Fund services utilize a centralized database to manage client enrollment, providing access to detailed demographic information by service. For a small number of programs, client-level demographic data is not available in this database, and has not been summarized in a client profile.

Highlights from FY 2021-22

In FY 2021-22, DAS partnered with community providers throughout the city to deliver Dignity Fund services to approximately 39,900 unduplicated individuals, across more than 104,100 enrollments. In total, we allocated approximately \$96.7 million administering these programs.

DIGNITY FUND FY 2021-22: OVERALL SERVICE LEVELS AND FUNDING

| Total Enrollments | Total Unduplicated Clients* | Total Funding |
|-------------------|-----------------------------|---------------|
| 104,109 | 39,895 | \$96,655,814 |

**This figure is based on Dignity Fund services for which client-level data (including name and date of birth) is collected and made available for analysis and reporting. It does not include clients enrolled in programs for which this information is not available. As such, this figure does not represent the full count of all individuals served by the Dignity Fund. Additional information on which programs are excluded from this count is available in the Service Area overviews that appear later in this report.*

FY 2021-22 was a year marked by a gradual recovery from the COVID-19 pandemic, following the dramatic upheavals of the prior year's focus on crisis response and service continuity. Although the reverberating impact of the pandemic was still deeply felt by our community in this fiscal year, **program performance and client engagement across DAS services generally reflect a return to pre-pandemic levels** — and in some cases, even demonstrate growth beyond those levels.

HIGHLIGHTS BY SERVICE AREA

The following is a selection of highlights by service area. Please see service area section overviews for additional detail and other key achievements.

- **Access & Empowerment:** We served about 20,200 clients* across 26,100 enrollments.
 - We provided information, referral, and assistance support to nearly 19,900 individuals through the Aging and Disability Resource Centers and DAS Intake.
 - We supported nearly 2,300 Naturalization clients with approximately 3,400 hours of classes and 2,200 hours of legal counseling to successfully navigate the process of becoming a US citizen.
- **Caregiver Support:** We served about 800 clients with more than 2,100 enrollments.
 - The Family Caregiver Support program provided 2,500 hours of counseling and 320 hours of training to about 650 unpaid caregivers, helping to improve their health and wellbeing and their ability to provide quality care to their recipients.

- Collectively across our Caregiver Support programs,⁴ about 97% of caregivers experienced positive outcomes with respect to their health and wellbeing.
- **Case Management & Care Navigation:** We served 1,900 clients with a total of 2,000 enrollments.
 - We provided Case Management services to nearly 1,300 clients, helping them to navigate and access the services they need to live safely in the community.
 - We provided 12,900 hours of care navigation support to more than 400 LGBTQ+ Care Navigation clients, including social isolation prevention and animal support services.
 - We promoted clients' stability in the community: about 94% of clients across the Community Living Fund program and Money Management experienced positive outcomes such as experiencing one or fewer unplanned acute care hospital admissions in a six-month period, or maintaining stable housing.
- **Community Connection & Engagement:** We served more than 17,600 clients* across nearly 21,500 enrollments.
 - We provided 11,100 hours of technology support and training to more than 2,100 unduplicated clients at more than 40 SF Connected tech labs throughout the city.
 - We supported positive outcomes with respect to engagement and socialization: about 93% of clients across Community Connection & Engagement services⁵ reported positive outcomes such as having increased opportunities for socialization, developing new relationships or friendships, feeling a greater sense of social connection, and having increased opportunities to contribute to their communities.
- **Housing Support:** We served 850 clients* across a total of over 3,000 enrollments.
 - We provided rental subsidies to prevent eviction and stabilize housing for about 400 Housing Subsidies clients. Across our providers, 100% of these individuals remained stably housed six months after entering the program.
 - We served 350 unduplicated Veterans Services Connect clients residing in veterans housing developments. About 99% of clients remained stably housed, and 96% of clients felt a greater sense of connection to their residential community due to participation in the program.

⁴ Caregiver Support services include: Adult Day Programs, Caregiver Respite, and the Family Caregiver Support Program.

⁵ Services included in this measure are: Adult Day Health Centers, Community Connector, Community Service Centers, Intergenerational Programs, Neighborhood Choirs, Neighborhood-Based Programs, SF Connected, Technology at Home, Transgender and Gender Non-Conforming Supports, and Volunteer Visitors.

- **Nutrition & Wellness:** We served about 28,200 clients* across more than 44,700 enrollments.
 - Our major food programs continued to respond to increased demand for meal and grocery services following the COVID-19 outbreak, including the addition of new food providers and the launch of supplemental cultural grocery bags. Congregate Meals, Food Pantry, Home-Delivered Groceries, and Home-Delivered Meals collectively served more than 4 million meals and/or food bags to 27,300 unduplicated clients.
 - We promoted physical fitness and health among clients: across our services in this area,⁶ about 94% of clients reported positive outcomes such as improved confidence managing their chronic health conditions and improved health and/or fitness.

- **Self-Care & Safety:** We served approximately 270 clients* across 890 enrollments.
 - We subsidized nearly 57,900 hours of home care to 150 clients who are ineligible for IHSS through our Support at Home program. About 87% of clients experienced improved health outcomes due to their participation.
 - Over 60 trainees graduated from our Workforce Support program, 92% of whom demonstrated increased caregiver competencies.

⁶ Services included in this measure are: Chronic Disease Management Programs, Food Pantry, Health Promotion, Home-Delivered Groceries, and Nutrition as Health.

Access & Empowerment

Access & Empowerment services educate, empower, and support older adults and adults with disabilities to access needed benefits and participate in services.

ACCESS & EMPOWERMENT SERVICES

- Advocacy (Home Care, Housing, Long-Term Care)
- Aging and Disability Resource Centers (ADRCs)
- *County Veterans Service Office (CVSO)*
- DAS Intake
- Empowerment Programs
- Health Insurance Counseling and Advocacy Program (HICAP)
- Legal Assistance
- LGBTQ+ Cultural Competency Trainings
- LGBTQ+ Financial Literacy
- LGBTQ+ Legal & Life Planning
- Naturalization
- Peer Ambassadors
- Transportation
- Veterans Service Linkages Pilot

PRIMARY OUTCOME MEASUREMENT THEMES

- **Education & Awareness of Services:** Clients develop new knowledge of aging and disability services that address their needs.
- **Empowerment:** Clients develop enhanced agency and use new skills to engage with and access services that address their needs.
- **Provider Training & Professional Development:** Providers develop enhanced skills and competencies that strengthen their ability to support consumers to access services.
- **Service Connection:** Clients are connected to resources that address their needs and support them to live safely and engage in their community.

FY 2021-22 HIGHLIGHTS

- We served about 20,200 clients* with a total of 26,100 enrollments across all Access & Empowerment services. In total, DAS allocated \$13.1 million for services in this area.
- We provided information, referral, and assistance support to nearly 19,900 individuals through the Aging and Disability Resource Centers and DAS Intake — lower than service levels at the peak of COVID-19 crisis, but higher than pre-pandemic levels.
- We supported nearly 2,300 Naturalization clients with approximately 3,400 hours of classes and 2,200 hours of legal counseling to successfully navigate the process of becoming a US citizen. One of our providers even expanded their scope of services to address the needs of Ukrainian refugees following the Russia/Ukraine conflict.

DIGNITY FUND FY 2021-22: ACCESS & EMPOWERMENT SERVICES

| Total Enrollments | Total Unduplicated Clients* | Total Funding |
|-------------------|-----------------------------|---------------|
| 26,142 | 20,196 | \$13,058,382 |

* Does not include services for which client-level data is not captured/available (Advocacy Services, HICAP, Legal Services, and Naturalization)

Advocacy Services

Advocacy services and counseling help to improve conditions for older people and adults with disabilities by providing both direct support and systems-level advocacy. DAS-funded advocacy includes efforts focused on housing, home care, and long-term care services.

Funding

\$443,994

| Housing Counseling & Advocacy | Empowerment* | Clients report receiving accurate and current tenants rights information to help them with their housing issue | 7 | 90% | 85% |
| LTC Advocacy | Education & Awareness of Services* | Clients develop new knowledge of services available to older people and adults with disabilities | 72 | 70% | 70% |
| LTC Advocacy | Service Connection* | Clients seeking support report they are connected to resources that enable them to better access long-term care services | 72 | 74% | 70% |

*Key Measurement Theme for Service Area

Note: Performance data for some metrics are unavailable due to the COVID-19 emergency. Annual client surveys were not completed in FY 2021-22.

Aging and Disability Resource Centers (ADRCs)

ADRCs are centralized resources for free information, service referral, and assistance on issues affecting old adults and people with disabilities, regardless of their income. These hubs are located throughout the City, with at least one ADRC located in each Supervisorial District; information, referral, and assistance are offered in multiple languages to meet the needs of non-English speaking residents.

Caregiver Support

Caregiver Support services strengthen the wellbeing of family and friend caregivers and their care recipients through education, counseling, resources, and connection.

CAREGIVER SUPPORT SERVICES

- Adult Day Programs (Adult Social Day, Alzheimer’s Day Care Resource Centers)
- Caregiver Respite
- Family Caregiver Support Program

PRIMARY OUTCOME MEASUREMENT THEMES

- **Ability to Care for Recipient:** Caregivers are better able to provide quality care.
- **Avoidance of Institutionalization:** Care recipients’ needs are met and they are able to reside in the community instead of a congregate care setting.
- **Caregiver Health and Wellbeing:** Caregivers have improved sense of wellbeing and/or reduced feelings of stress and exhaustion.

FY 2021-22 HIGHLIGHTS

- We served about 800 clients with more than 2,100 enrollments across all Caregiver Support services. In total, DAS allocated \$2.7 million for services in this area.
- The Family Caregiver Support program provided 2,500 hours of counseling and 320 hours of training to about 650 unpaid caregivers, helping to improve their health and wellbeing and their ability to provide quality care to their recipients.
- Collectively across our Caregiver Support programs, about 97% of caregivers experienced positive outcomes with respect to their health and wellbeing. These outcomes include: 96% of Alzheimer’s Day Care Resource Center clients who report better health and wellbeing due to their participation in services; 97% of Caregiver Respite clients who experience less mental and physical exhaustion; and 99% of Family Caregiver Support Program clients who report reduced stress and an increased sense of being valued.

Adult Day Programs

Adult Day Programs are state-licensed, community-based centers that provide social and recreational activities, nutrition, and personal care support for clients who require help with basic daily tasks. Serving clients who need supervision and thus are not able to independently participate in Community Service Centers, Adult Day Programs provide respite for family and friend caregivers during daytime hours. Some sites have specialized programs for persons with moderate-to-late stage dementia and Alzheimer’s disease.

Caregiver Respite

The Caregiver Respite program provides in-home and out-of-home respite care, such as attendance at an Adult Day Program, to unpaid caregivers of older adults and adults with disabilities. Respite services may be provided for intermittent periods and/or in the event of an emergency. The program seeks to reduce caregiver burden and prevent or delay institutionalization of the care recipient, thereby enabling care recipients to live safely in their own homes and communities.

Case Management & Care Navigation

Case Management & Care Navigation services facilitate service connections and support individuals with complex needs to navigate available resources that promote stability in the community.

Case Management & Care Navigation Services

- Case Management
- Community Living Fund (CLF)
- LGBTQ+ Care Navigation (including Pet Support)
- Money Management

PRIMARY OUTCOME MEASUREMENT THEMES

- **Service Connection:** Clients are connected to resources that address their needs and support them to live safely and engage in their community.
- **Stability in the Community:** Clients maintain stability living in the community with limited experiences of crisis and/or institutionalization.

FY 2021-22 HIGHLIGHTS

- We served 1,900 clients with a total of 2,000 enrollments across all Case Management & Care Navigation services. In total, DAS allocated \$11.7 million for services in this area.
- We provided Case Management services to approximately 1,300 clients, helping them to navigate and access the services they need to live safely in the community.
- We provided 12,900 care navigation hours to more than 400 LGBTQ+ Care Navigation clients, including social isolation prevention and pet support. About 74% of surveyed clients indicated they felt less isolated through their engagement in care navigation, peer support, and other supportive services offered through the program.
- We promoted clients' stability in the community: across the Community Living Fund program and Money Management services, 94% of clients experienced positive outcomes such as experiencing one or fewer unplanned acute care hospital admissions in a six-month period, or maintaining stable housing.

LGBTQ+ Care Navigation

This program helps LGBTQ+ older adults and adults with disabilities navigate service systems to access healthcare resources and social supports. Peer volunteers visit clients regularly to reduce isolation, also helping them overcome barriers that may inhibit accessing of needed services. Many clients have pets that represent the only consistent source of compassion and unconditional love in their lives; for those struggling to care for their animal companion, this program also provides pet care resources to maintain this important source of support

Community Connection & Engagement

Community Connection & Engagement services provide opportunities for older people and adults with disabilities to socialize, build community, and participate in a meaningful way in their community.

COMMUNITY CONNECTION & ENGAGEMENT SERVICES

- Adult Day Health Centers (ADHCs)
- Community Bridge
- Community Connector
- Community Service Centers
- Employment Support
- Intergenerational Programs
- LGBTQ+ Community Services in ADHCs
- Neighborhood Choirs
- Neighborhood-Based Programs
- Senior Companion
- SF Connected
- Technology at Home
- Transgender and Gender Non-Conforming (TGNC) Supports
- Veterans Drop-In Center
- Village Programs
- Volunteer Visitors

PRIMARY OUTCOME MEASUREMENT THEMES

- **Education & Awareness of Services:** Clients develop new knowledge of aging and disability services that address their needs.
- **Empowerment:** Clients develop enhanced agency and use new skills to support social connection and increased engagement with their communities of choice.
- **Engagement and Socialization:** Clients have increased opportunities to connect meaningfully with others, build new relationships, and/or participate in community.
- **Reduced Social Isolation:** Client have reduced feelings of loneliness and/or isolation.
- **Service Connection:** Clients are connected to resources that address their needs and support them to live safely and engage in their community.

FY 2021-22 HIGHLIGHTS

- We served about 17,600 clients* across nearly 21,500 enrollments in Community Connection & Engagement services. DAS allocated about \$18.4 million in this area.
- We provided 11,100 hours of technology support and training to more than 2,100 unduplicated clients at 40+ SF Connected computer labs throughout the city. About 96% of clients felt more self-sufficient by accessing the digital services they learned.
- We supported positive outcomes with respect to engagement and socialization: about 93% of clients across Community Connection & Engagement services reported positive outcomes such as having increased opportunities for socialization, developing new relationships or friendships, feeling a greater sense of social connection, and having increased opportunities to contribute to their communities.

Neighborhood-Based Programs

Neighborhood-Based Programs are designed to engage older adults and adults with disabilities in underserved neighborhoods or districts. These pilots use diverse approaches in delivering services and activities to help increase awareness of services, foster empowerment, support engagement and socialization, and reduce social isolation. Programs vary by neighborhoods and can include activities like interactive arts, field trips, reading groups, cooking classes, housing-based supports, and many

Senior Companion

The Senior Companion program provides low-to-moderate income older adults with the opportunity to volunteer at local community organizations. In addition to providing a small stipend, this program enhances participants' feelings of self-worth and connection with the community. The organizations where these volunteers are placed benefit from their expanded capacity to deliver needed services.

Housing Support

Housing Support services help seniors and adults with disabilities to maintain stable housing through service connection and community engagement.

HOUSING SUPPORT SERVICES

- Housing Subsidies
- Rental Assistance Demonstration Project
- *Residential Care Facilities for the Elderly (RCFE) Support*
- Scattered Site Housing
- Veterans Services Connect

PRIMARY OUTCOME MEASUREMENT THEMES

- **Housing Stability:** Clients are supported to maintain access to appropriate housing.
- **Service Connection:** Clients are connected to resources that address their needs and support them to live safely and engage in their community.
- **Engagement and Socialization:** Clients have increased opportunities to connect meaningfully with others, build new relationships, and/or participate in community.

FY 2021-22 HIGHLIGHTS

- We served about 850 clients* with a total of over 3,000 enrollments across all Housing Support services. In total, DAS allocated \$9.9 million for services in this area.
- We provided rental subsidies to prevent eviction and stabilize housing for about 400 Housing Subsidies clients. Across our providers, 100% of these individuals remained stably housed six months after entering the program.
- We served 350 unduplicated Veterans Services Connect clients residing in veterans housing developments. About 99% of clients remained stably housed, and 96% of clients felt a greater sense of connection to their residential community due to participation in the program.

Housing Subsidies

This program seeks to prevent loss of housing by identifying currently-housed persons facing imminent eviction and helping to stabilize their housing situation through the use of a housing subsidy payment. The subsidy amount varies based on client income and rent amount but with the universal goal to bring the rent burden to 30%. In addition to the rental subsidy, staff members provide clients with help connecting to other social services and resources that promote their housing stability.

Rental Assistance Demonstration

The Rental Assistance Demonstration Project provides supportive services to public housing residents to promote housing retention and community connection. Outreach and engagement efforts, such as tenant newsletters, monthly meetings, and onsite activities, aim to develop a sense of community. This program also provides health and wellness support and directly promotes housing stability by helping tenants address issues related to their housing, such as safety concerns and delinquent rent payments.

Nutrition & Wellness

Nutrition & Wellness services promote physical health and wellbeing for older adults and adults with disabilities by providing nutritious foods and supporting healthy lifestyles.

NUTRITION & WELLNESS SERVICES

- Chronic Disease Management Programs
- Congregate Meals
- Food Pantry
- Health Promotion – Physical Fitness
- Home-Delivered Groceries
- Home-Delivered Meals
- Nutrition as Health
- Nutrition Education

PRIMARY OUTCOME MEASUREMENT THEMES

- **Community Stability and Independence:** Clients are able to live stably and independently in the community.
- **Healthy Nutrition Habits:** Clients enhance their understanding of nutrition and make healthy dietary choices.
- **Increased Food Security:** Clients have increased access to healthy and nutritious food that meets their dietary needs.
- **Physical Fitness & Health:** Clients engage in physical activity and build knowledge that helps them maintain or improve their physical health.

FY 2021-22 HIGHLIGHTS

- We served about 28,200 clients* with a total of over 44,700 enrollments across all Nutrition & Wellness services. In total, DAS allocated \$36.1 million for services in this area.
- Our major food programs continued to respond to increased demand for meal and grocery services following the COVID-19 outbreak, including the addition of new food providers and the launch of supplemental cultural grocery bags. Congregate Meals, Food Pantry, Home-Delivered Groceries, and Home-Delivered Meals collectively served more than 4 million meals and/or food bags to 27,300 unduplicated clients.
- We promoted physical fitness and health among clients: about 94% of clients in Chronic Disease Management Programs, Food Pantry, Health Promotion, Home-Delivered Groceries, and Nutrition as Health reported positive outcomes in this area.

Health Promotion - Physical Fitness

Physical Fitness programs support older adults to exercise and maintain their health as they age. Using evidence-based programming, this service works to reduce risk of falls and prevent injury. Managed by a lead agency in the community, these classes are provided at various sites throughout the City and have a secondary effect of helping to build a sense of community among participants.

Home-Delivered Meals

The Home-Delivered Meals program delivers meals to homebound seniors and adults with disabilities who are unable to shop or prepare their own meals due to a physical or mental impairment. Emergency home-delivered meals are also available to clients who may have immediate, short-term need for these meals, such as those individuals discharging from the hospital and returning to the community.

Nutrition as Health

Nutrition as Health services provide nutritious meals designed to meet dietary recommendations for disease management for people who are food insecure and have a chronic health condition (such as heart disease, diabetes, or HIV). Additionally, these meals are supplemented with supportive services such as one-on-one nutrition counseling, nutrition education classes, and cooking demonstrations to support client outcomes.

Self-Care & Safety

Self-Care & Safety services help older adults and people with disabilities to meet their needs in the most independent setting, safe from abuse and self-neglect.

SELF-CARE & SAFETY SERVICES

- *Adult Protective Services (APS)*
- *Elder Abuse Prevention Services*
- *In-Home Supportive Services (IHSS)*
- *Long-Term Care Ombudsman*
- *Public Administrator*
- *Public Conservator*
- *Public Guardian*
- *Representative Payee*
- *Short-Term Home Care for Seniors*
- *Suicide Prevention & Emotional Support*
- *Support at Home*
- *Supportive Services for People with Collecting Behaviors*
- *Workforce Support*

PRIMARY OUTCOME MEASUREMENT THEMES

- **Empowerment and Self-Determination:** Clients develop enhanced agency and use new skills to manage their personal care needs and improve their well-being.
- **Provider Training & Professional Development:** Providers develop enhanced skills and competencies that strengthen their ability to support older people and adults with disabilities in crisis situations.
- **Stability in the Community:** Clients maintain stability living in the community with limited experiences of crisis and/or institutionalization.

FY 2021-22 HIGHLIGHTS

- We served approximately 270 clients* with a total of 890 enrollments across all Self-Care & Safety services. In total, DAS allocated \$4.3 million for services in this area.
- We subsidized nearly 57,900 hours of home care to 150 clients who are ineligible for IHSS through our Support at Home program. About 87% of clients experienced improved health outcomes due to their participation in the program.
- Over 60 trainees graduated from our Workforce Support program, 92% of whom demonstrated increased caregiver competencies.

Elder Abuse Prevention Services

The Elder Abuse Prevention program provides outreach and educational trainings to professionals and the general public to prevent and mitigate abuse of older adults and adults with disabilities. The community-based service is supported by the Adult Protective Services program. This also includes the Forensic Center, a multidisciplinary team of legal, medical, law enforcement, and social service professionals who meet regularly to collaborate on complex cases and share expertise and resources.

Short-Term Home Care for Seniors

This program provides time-limited help at home with personal care, homemaker, and chore needs to allow older adults to live safely in the community, thereby preventing premature institutionalization. A program model outlined by the California Department of Aging, this is focused on older adults discharging from hospital and/or applying for In-Home Supportive Services (a Medi-Cal benefit).

Suicide Prevention and Emotional Support

Suicide Prevention and Emotional Support services include a variety of supports, such as peer and professional psychological counseling, and grief counseling and support groups, as well as information and referral services to help connect clients with other needed supportive services. The program also provides the Friendship Line, which serves as an emergency telephone hotline for crisis intervention services, and as a warmline to reduce callers' feelings of loneliness and social isolation.

Workforce Support

The Workforce Support program is designed to strengthen the competencies of paid caregivers and home care workers who provide care to older adults and adults with disabilities in San Francisco. In addition to building basic caregiving skills, knowledge, and abilities, the training offered by the program includes education on cultural sensitivity so that caregivers may serve diverse clients, such as those with limited English-speaking proficiency.
