

*The Long-Term Care Coordinating Council is an advisory body to the Mayor's Office.  
The LTCCC evaluates issues related to long-term care and supportive services and develops policy recommendations focused on improving service coordination and interaction.*

## **Long Term Care Coordinating Council of San Francisco** 2019-2020 Policy and Project Areas

**Our mission:** San Francisco's Long Term Care Coordinating Council (LTCCC) advises the Mayor and City on policy, planning, and service delivery issues for older adults and people with disabilities to promote an integrated and accessible long-term care system.\*

**Our vision:** All older adults and people with disabilities in San Francisco are able to thrive with dignity in their homes and communities, in a culturally appropriate manner.

*\*Long-Term Care System refers to the continuum of home, community-based, and institutional services and supports that help to address the medical and non-medical needs of people with limitations*

**We support policies and projects in the areas of: health, housing, nutrition, social engagement, transportation, and workforce – as these issues impact people with limitations.**

**HEALTH is a person-centered integration of clinical, community, and social services to ensure the continuity of care for older adults and people with disabilities.**

**Current Project:** Assess referral eligibility and enrollment for persons within the long-term care system.

**HOUSING options are available and accessible to older adults and people with disabilities with a variety of needs across the long-term care system.**

**Current Project:** Assess and recommend strategies to ensure affordable assisted living beds.

**NUTRITION programs meet the daily nutritional and special dietary needs of older adults and people with disabilities within the long-term care system.**

**SOCIAL ENGAGEMENT opportunities provide meaningful connection and enhance the quality of life for people with disabilities, older adults, and their caregivers in the long-term care system.**

**Current Project:** Identify and advocate for social engagement opportunities for those who are socially isolated due to long-term care needs and/or placement.

**TRANSPORTATION services are affordable, reliable, accessible, and integrated within the long-term care system.**

*The Long-Term Care Coordinating Council is an advisory body to the Mayor's Office.*

*The LTCCC evaluates issues related to long-term care and supportive services and develops policy recommendations focused on improving service coordination and interaction.*

**WORKFORCE: An adequate workforce is in-place to meet the long-term care needs of older adults and people with disabilities.**

**STATE PLANNING: efforts reflect the particular needs of San Franciscans with limitations.**

**Current Project:** Engage with the Cabinet-Level Work Group and Stakeholder Advisory Committee in the development of the State's Master Plan on Aging.
