Background

The Community Jobs Program (CJP) assists HSA participants in obtaining marketable skills through a 3-6-month wage-based work experience coupled with professional development/skills training, and supportive case management. This program is a key service for participants to meet CalWORKs Work Participation requirements and move to self-sufficiency, and has also been found effective in moving single adults into employment.

Services to be Provided

CJP increases a participant's employability through a maximum of 3-6 month work experience at a community non-profit agency. The weekly work experience assignment is determined by the participant's vocational goal and provides an opportunity for basic and occupational skills acquisition. The host/work experience site provides daily supervision, with on-going monitoring by the Grantee. If needed, job coaching is also provided. Simultaneously, participants receive classroom hours for basic remedial education (BRE) and professional skills development, digital literacy and computer skills training. Job search and placement services are provided to the participants to transition them into a job. Participants also receive support from their CJP Case Managers to access other services to address barriers to employment, such as, domestic violence or housing instability. 500 participants will be assisted through these programs annually.

Selection

Grantees were selected through Request for Proposals #876, which was competitively bid in May 2021.

Funding

Funding for this grant is provided by a combination of Federal, State and Local funds.

- B. Communicate immediately via chat, e-mail or telephone with HSA staff when a client is not participating. At a minimum, Grantee must report when a client has two unexcused absences, if attendance falls below 80% of the total program hours, or if the participant is being terminated from the program. Reasonable accommodations should be made available to allow participants to make up missed hours.

- E. Job Placement information should include Employer Name and address, Date of Hire, position title, hourly wage, and hours per week.
- F. Monthly Reports. HSA will generate monthly reports from Launchpad database by the 10th day following the reporting month. Grantee must review and make Launchpad data corrections in a timely manner.
1. Reports shall contain the following data:
 - Number of referrals, enrollments, and completions
 - Number who are placed in jobs
 - Number of program exits
 - Number active or currently enrolled as of the last day of the month

 2. Supporting documentation for the numbers presented in the reports must be maintained by the Grantee for a period of three years and must be available for auditing by the Department. Participant files shall be kept in a secure and confidential location at all times.
- G. Additional Attendance Reports may be required by HSA management.
- H. Written communication that contains client confidential information shall be transmitted through a secured method approved by HSA or by using ZixCorp.
