PERCENTAGE: 100% 0% 0% 100%

The Department of Aging and Adult Services (DAAS) requests authorization to enter into a contract agreement with Best Pest Service, Inc. for the time period beginning July 1, 2016 and ending June 30, 2018, in the amount of $100,000 plus a 10% contingency of $10,000 for a total not to exceed amount of $110,000. The purpose of the contract is to reduce the risk of eviction of Adult Protective Services (APS) clients who are in violation of San Francisco Health and Building Codes by providing heavy clean-up services.

Background

Adult Protective Services (APS) is a state-mandated program within the Department of Aging and Adult Services that serves seniors and adults with disabilities (AWD) who are experiencing abuse, neglect, and/or self-neglect. Many of these clients are also at risk of eviction because they are in violation of San Francisco Health or Building Codes. These violations are typically brought about by conditions of severe hoarding, clutter, squalor, and/or filth within the client’s residence,
which may be compounded by infestations of bedbugs, roaches, fleas, rodents, and/or other pests. Rectification of these violations through heavy clean-ups and/or pest control services promotes safety, increases client well-being, and prevents displacement.

**Services to be Provided**

Contractor will perform clean-up and infestation preparation services at the request of Adult Protective Services Workers and with the permission of Adult Protective Services clients. Prior to rendering services, contractor will visit the client in the home to evaluate work needed, and provide a written estimate to the APS program with the scope of the project and the estimated cost. The written estimate will include a detailed cost of each aspect of the service that is proposed to be rendered.

Contractor will perform heavy clean-up and/or the coordination of pest management services as required and as authorized by APS and by the APS client. Clean-up services will focus on reducing health and safety risks to the client and assisting clients to fix Health and Building Code violations. Contractor shall collaborate with APS during the clean-up process to ensure minimal negative impact on the client.

For more specific information regarding the services to be provided to the target population, please refer to the attached Appendix A.

**Selection**
Contractor was selected through IB (Informal Bid) #691, which was issued in April 2016.

**Funding**
This contract will be funded entirely through City and County funds.

APPENDIX A - SERVICES TO BE PROVIDED
Best Pest Service, Inc.
Heavy Clean-up Services for Seniors and Adults with Disabilities
July 1, 2016 – June 30, 2018

I. Purpose of Contract

The purpose of the contract is to reduce the risk of eviction of Adult Protective Services (APS) clients who are in violation of San Francisco Health or Building Codes as a result of conditions of hoarding, clutter, and/or squalor. This contract will promote stable housing for vulnerable seniors and adults with disabilities by providing heavy clean-up and/or coordination of pest management services for those clients who are living in hazardous conditions. Services will only be provided to APS clients with the express authorization and consent of the client.

II. Definitions

Contractor  Best Pest Service, Inc.
APS  Adult Protective Services, a Program of DAAS
DAAS  San Francisco Department of Aging and Adult Services, a Department of the Human Services Agency
DPH  San Francisco Department of Public Health
HSA or Agency  San Francisco Human Services Agency

III. Target Population

The target population for these services is limited to vulnerable adults who are also low income seniors and/or adults with cognitive or physical disabilities (AWD) served by the APS program.

IV. Description of Services

Contractor shall provide the following services during the term of this contract:

- Contractor shall recommend and provide heavy clean-up and pest management strategies using the latest Integrated Pest Management (IPM) methods, provide EPA-approved disclosures related to proposed pesticide usage, and ensure that pest management strategies are:
  - Least disruptive of natural controls;
  - Least hazardous to human health;
  - Least toxic to non-target organisms;
  - Least damaging to the environment;
o Most likely to produce a permanent reduction of the pest population;
o Easiest to carry out effectively;
o Least disruptive to the resident in the unit; and
o The most cost-effective solution over the short and long-term.

- Contractor shall perform heavy clean-up and/or the coordination of pest management services as specified and coordinated by APS (Adult Protective Services) or designated partners from the Department of Public Health. Referrals will be made to the Contractor by the APS or DPH partners via phone.

- Contractor shall collaborate with APS and DPH partners during the clean-up process to ensure minimal negative impact on the client.

- If specified by APS, Contractor shall provide one-time pest treatment preparation services as follows:
  - Contractor will conduct a general cleaning of the unit in preparation of pest control service.
  - Contractor will discard all trash and items deemed too infested to remain in unit, placing bagged items in approved on-site containers for pick-up.
  - Contractor will vacuum all cracks and crevices on all items to remove pests and pest-produced waste prior to treatment.
  - Contractor will determine what clothing, bedding, and other washable items must be removed or washed by a service. Contractor will bag items, and coordinate cleaning and/or hauling services.
  - Contractor will execute coordination with management to arrange treatment of the unit by their pest control company of choice.

- Contractor will possess and maintain all current and necessary licenses and permits to perform the scope of work and conduct the vendor’s business.

V. Location and Time of Services

- Contractor will provide services in the homes of APS clients. Contractor will only enter the residence when permission is granted by the APS client. Contractor will only provide services when granted permission by the APS client. Contractor will coordinate the timing of the provision of services with designated APS staff, taking into account special circumstances and needs of the client that will be served.

VI. Service Objectives

- Within 3 working days, Contractor will respond to referred cases by visiting the client’s residence in person.
• Within 2 working days of the in-person review, Contractor will provide a written estimate detailing the clean-up service(s) needed and the cost of the service(s) needed.
• Within 5 working days after APS has given verbal consent to proceed, Contractor will provide the client with receptacles and instructions to store valuables prior to the clean-up date.

VII. Outcome Objectives

• At least 90% of clients served by this client will gain access to a safe and clean residence
• Reduce the risk of eviction and promote access to stable housing for those clients served through this contract for 90% of clients served.
• Resolve Health Code violations as cited by the Department of Public Health for at least 90% of clients served.
• Resolve Building Code violations as cited by the Department of Building Inspection for at least 90% of clients served.

VIII. Reporting Requirements

A. Contractor will provide a monthly report of activities, referencing the tasks as described in Section VI & VII - Service and Outcome Objectives. Contractor will enter the monthly metrics in the CARBON (Contracts, Administration, Reporting, and Billing Online) database by the 15th of the following month.

B. Contractor will provide an annual report summarizing the contract activities, referencing the tasks as described in Section VII & VIII - Service and Outcome Objectives. This report will also include accomplishments and challenges encountered by the Contractor. Contractor will enter the annual metrics in the CARBON database by the 15th of the month following the end of the program year.

C. Contractor will provide Ad Hoc reports as required by the Department.
