The Department of Aging and Adult Services (DAAS) requests authorization to modify the existing grant agreement with the Southwest Community Corporation (Southwest) for the two-year period of July 1, 2016 to June 30, 2018, in the additional amount of $150,000 plus a 10% contingency for a revised total amount not to exceed $732,492. The purpose of this modification is to provide additional infrastructure funding for Southwest's community service program. Infrastructure support includes increases in staffing, supplies, and capital improvements.

Background
Southwest offers a wide array of activities and programming to enhance overall well-being of older adults and adults with disabilities. Not only do its community services provide a positive avenue to create new friendships and social networks, they also enriches the lives of participants by addressing their physical, social, psychological, economic, educational, recreational, and creative needs.
The center serves diverse communities within the Oceanview, Merced Heights, and Ingleside neighborhoods, often as the entry point for those in need of additional services. These services are provided in the agency’s IT Bookman Community Center as well as in the community.

This grant enhancement to Southwest is intended to augment the City’s support to the agency and ensure it remains viable service provider in those communities.

Specifically, through this grant modification, Southwest will hire additional staff including a Community Program Director to further build and oversee its senior programming and a Program Assistant to support senior social services. Moreover, the funds will be used to invite teachers and instructors, to purchase activity supplies, and to support its popular monthly community luncheons.

**Services to be Provided**
Southwest provides a host of services to older adults and those living with disabilities. The DAAS funded portion of its programming has four components. These are 1) Activity Scheduling and Coordination, 2) Translation, 3) Social Service, and 4) Enhanced Community Outreach.

The four Community Services components are defined as follows:

1) Activity Scheduling: Service units are captured by the number of scheduled activity hours sponsored by the center. Activities may include educational presentations, workshops, trainings, cultural events, food bag programs, social events, exercise classes, arts and crafts classes, discussion groups, sports activities, support groups, field trips, and any other group activity that brings people together for education or wellness purposes that help consumers maintain/enhance their level of functioning.

2) Translation: Service units are captured by the number of hours of translation assistance provided to consumers that cannot speak/read English. In addition, translation may also include the use of American Sign Language, Braille, or Teleprompting. Translation services may include translation of forms, letters, applications, phone calls for an individual in the form of literacy assistance. It can also include written translation from English of monthly activity calendars, flyers, and verbal translation for group announcements, presentations.

3) Social Services: Service units are captured by providing one-to-one assistance for individuals to enable them to resolve problems. Assistance may include information and referral, forms/application completion, home visits, medical escort services, and emotional support by phone or in person.

4) Enhanced Outreach: Service units are captured by providing more formal outreach efforts and enhanced services to support the outreach efforts. Examples of this may include working with a community collaborative group, designing and implementing an outreach plan for an underserved area, problem-solving certain barriers to service such as safety issues and transportation needs.

**Selection**
Grantee was competitively selected through NOFA #566 in October of 2013.

**Funding**
Funding for these grants is provided by the Federal, and City and County General funds as a result of the add-back budget process this fiscal year for FY 2016-17 and FY 2017-18.
