

Medi-Cal Changes Coming Soon

Starting January 1, 2026: Medi-Cal enrollment restrictions for undocumented Californians

Undocumented Californians age 19 and above *who don't currently receive Medi-Cal* benefits will no longer be eligible for full healthcare coverage through Medi-Cal.

If you have coverage, you remain eligible as long as you stay enrolled – regardless of immigration status. Make sure to follow recertification instructions to keep your benefits.

Apply Now

The San Francisco Human Services Agency strongly encourages undocumented community members age 19 and up to apply for Medi-Cal **before** January 1, 2026:

- Online: [BenefitsCal.com](https://www.benefitscal.com)
- By phone: [\(415\) 557-5000](tel:4155575000)
- In person: [1235 Mission Street](#) | [1440 Harrison Street](#) | [3120 Mission Street](#) | [2 Gough Street](#)

Recertify to Keep Your Benefits

Make sure to follow recertification instructions when your Medi-Cal renewal is due to keep your benefits! Remember, if you are covered before January 1, 2026, you remain eligible only if you stay enrolled—no matter your immigration status.
