Total Expenditures – Decrease / (Increase)	<b>(13.9)</b>	<b>(241.5)</b>
<b>Total Surplus</b>	<b>26.2</b>	<b>81.9</b>
*Citywide Uses include: general operating increases (e.g. minimum wage, utility rates, and debt service)		

# Mayor's Budget Drivers

- Strong pension returns reduce payments required in the budget and beyond, reducing the deficit in out-years
- Improved revenue picture
  - Strong property and transfer tax; continued weakness in hotel, sales, and business taxes
  - But new local taxes and State and Federal stimulus/relief measures have improved the picture
- Salary and Benefits – assumes CPI-based (3.25% in FY 22-23, 2.83% in FY 23-24) wage increases in future years; non-police and fire unions will be in negotiation this spring
- High-degree of uncertainty remains, but overall picture is positive

# Mayor's Budget Instructions & HSA Approach

- There is no General Fund reduction target; departments should submit budgets within their base General Fund
- Budgets should reflect the Mayor's priorities, which include:
  - Continuing the historic recent investments in homelessness, mental health, and anti-poverty programs
  - Restoring the vibrancy of the City, including improving public safety and street conditions;
  - Focusing on economic recovery;
  - Delivering on accountability and equity in City spending.
- HSA expects some limited opportunities for growth and new investment, given a stronger local, State and Federal budget picture, balanced against less demand than anticipated for some HSA safety net services which leads to revenues declines

# IHSS

- The City's MOE is projected to be \$153.5 M in FY21-22
  - Assuming proposed wage increases can be implemented, it will grow:
    - +\$14.2 M in FY 22-23 to \$167.7 M
    - +\$10.8 M in FY 22-23 to \$178.5 M
- Wage growth starting July 2023 is based on Consumer Price Index estimates

	<b>July 1, 2021</b>	<b>July 1, 2022</b>	<b>July 1, 2023</b>	<b>July 1, 2024</b>
IHSS Worker Wage	\$18.00 per hour	\$18.75 per hour	\$19.33 per hour	\$19.93 per hour
