**Trent Rhorer**Executive Director

## **Background**

The In-Home Supportive Services (IHSS) Program aids eligible low-income older adults and persons with disabilities by matching them with IPs who assist them in activities of daily living. The provision of this service allows older adults and persons with disabilities to remain safely in their own homes, while encouraging independence and rehabilitation where possible. IHSS is provided through either (a) an IP, or (b) a contracted agency provider for clients who are unable to find and/or supervise their own IP's. Currently, there are approximately 24,500 IHSS clients, 95% who utilize the IP Mode of service.

This grant supports the overall operations of the SF IHSS PA including the administration of health and dental benefits, maintenance of an IP Registry, processing of criminal background checks for the IP workforce, including providing LiveScan services, operating a Mentorship Program, and staffing the activities of the IHSS PA Governing Body. This Governing Body is composed of board appointed members who are responsible for advising the IHSS PA. State funding provides stipends for Governing Body members to support their attendance and participation.

### **Services to be Provided**

The SF IHSS PA is the employer of record for IPs in San Francisco for the purposes of Union negotiations and is responsible for the administration of health and dental benefits for all eligible IPs. In the spring of 2019, the SFIHSS PA concluded bargaining with SEIU 2015. The final contract describes the IP wage schedule through FY 22-23, which is aligned with the City's Minimum Compensation Ordinance. The contract also states that IPs who are authorized to work and are paid for two consecutive months (and for at least 25 hours in one of those months) become eligible to apply for a full medical plan called Healthy Workers, administered by the San Francisco Health Plan.

In addition, to the above functions, the SF IHSS PA provides several other critical activities to the IHSS program. These services include the operation of an IP Registry for consumers who need help finding care providers, background investigations of new IPs including providing LiveScan fingerprinting, a Mentorship Program, and a One Stop Resource Center that provides safety and protective supplies to IPs, connection to community resources, and education regarding the use of the Registry and IHSS.

Significant workforce shortages have impacted the ability of the SF IHSS PA to maintain a robust registry of qualified IPs who reflect the diversity of the IHSS

Consumer population. In response to this critical situation, the SF IHSS PA is adding a new Recruitment Manager as well as a Community Engagement Coordinator to their staff. These new positions will be focused on conducting innovative and intensive community outreach focused on recruiting new IPs for the Registry.

The SF IHSS PA advocates for improved quality of service, distributes educational materials, and conducts monthly worker orientation presentations to expand the number and quality of IPs on the Registry. The SF IHSS PA offers training opportunities to Registry home care providers through a partnership with Homebridge Training. The Basic Training course consists of 48 hours of training that includes CPR/First Aid certification.

The Mentorship Program assists and educates referred consumers on how to successfully hire and maintain an IP in order to successfully transition to and/or maintain independent community living. The mentors facilitate consumers in discharges from Laguna Honda Hospital, over a 60-day transition period, half of which is spent on instructing consumers on how to flourish in their homes and communities. The Mentorship program is partially supported through a work order from the Department of Public Health.

Grantee is a sole source grant per Administrative Code Chapter 70, SF IHSS Public Authority has designated authority over IHSS.

RE: Sole Source Waiver request – San Francisco IHSS Public Authority to provide services under the Independent Provider mode for In-Home Supportive Services (IHSS) consumers in the City and County of San Francisco.

The Human Services Agency (HSA), on behalf of the Department of Disability and Aging Services (DAS), respectfully requests the approval of the attached exemption of the soul source waiver form for the San Francisco IHSS Public Authority for the provision of the Independent Provider mode program.

Per Administrative Code Section 21.G, Granting Agencies shall award all Grants through an open and competitive process under Sections 21G.4, 21G.5, and 21G.6, except for Grants (1) to a governmental entity for programs, activities, or services that can be practically performed only by that particular entity, (2) made to a specific entity as required to comply with applicable law or contract, or as a result of the requirements of the funding source, (3) made for improvement to property by a property owner, or (4) awarded on a sole source basis pursuant to Section 21G.8.

Per Administrative Code Chapter 70, SF IHSS Public Authority has designated authority over IHSS.

"The Board of Supervisors for the City and County of San Francisco (hereinafter, City) by this Chapter establishes a public authority whose powers are derived from and consistent with the provisions of Welfare and Institutions Code Section 12301.6. The name of this public authority shall be the In-Home Supportive Services Public Authority, and shall be referred to in this Chapter as the "Authority." Its purpose is to assure the availability of independent providers for the In-Home Supportive Services Program (IHSS) through the establishment of a central registry, and related functions, and to perform any other functions, as may be necessary for the operation of the Authority, or related to the delivery of IHSS in San Francisco, subject to all applicable Federal and State laws and regulations, and to the limitations set forth in this Chapter."

Therefore, when a grant is to a governmental entity for programs, activities, or services that can be practically performed only by that particular entity, then per the City Purchaser's Administrative Code Chapter 21G Rules and Regulations, a waiver request form is not needed.

DAS is proposing the following:

Request: To enter into a four (4) year sole source grant with San Francisco In Home Supportive Services Public Authority.

P.O. Box 7988 San Francisco, CA 94120-7988 www.SFHSA.org Reason for this Request: Admin Code 21G.3(a)(1): Grants to a governmental entity for programs, activities, or services that can be practically performed only by that particular entity.

Justification for Sole Source Exemption: Per Administrative Code Chapter 70, SF IHSS Public Authority has designated authority over IHSS. SF IHSS is a governmental agency.

Brief description of services: SF IHSS major service areas are:

- A. maintaining a home care worker registry;
- B. providing and administering health and dental benefits for Independent Providers;
- C. participating in Independent Provider group orientation, conducting LiveScans and processing of criminal background checks of potential Independent Providers;
- D. providing a Mentorship Program for IHSS consumers;
- E. providing a One Stop Resource Center for IHSS recipients and Independent Providers, which includes trainings for IHSS recipients and distribution of limited safety and protective supplies to Independent Providers; and
- F. providing stipends to Union Stewards for performance of Union related activities in accordance with the current Collective Bargaining Agreement between SEIU 2015 and Grantee.

Duration: July 1, 2022 through June 30, 2026

Compliance: The grantee meets City requirements for contracting.
