The Department of Disability and Aging Services (DAS) requests authorization to modify the existing grant agreement with Southwest Community Corporation for the provision of community services to older adults and adults with disabilities; during the period of January 1, 2021 through June 30, 2023; for an additional amount of \$125,280 plus a 10% contingency for a revised total amount not to exceed \$1,027,022.

Background

Community connection and engagement is critical to the health, functioning, and increased quality of life for older adults and adults with disabilities in San Francisco. DAS funds Community Centers located throughout San Francisco to provide community services programming intended to maintain or improve the well-being of older adults and adults

with disabilities through the provision of a variety of services and activities.

Community service program and activity offerings at DAS funded Community Centers are designed to engage with the community around them while enhancing the cultural, educational, mental, and physical well-being of participants. Community Centers are also the entry point for many older adults and adults with disabilities in need of information and support services, thus translation and social services are available through community services programming.

Services to be Provided

Southwest Community Corporation operates a Community Center space, IT Bookman Community Center, designed to engage with the surrounding community and be welcoming and accessible for older adults and adults with disabilities. IT Bookman Community Center offers a variety of activities and services designed to maintain or improve the quality of life of program participants. Activities and services consider the physical, social, psychological, economic, educational, recreational, and/or creative needs of participants. While the Community Center may serve as a hub for operations, services take place in the community, via telephone, virtually over the internet, and through other effective means of communication and connection. Community services programming includes the following 4 components:

- 1) Activity Scheduling - educational presentations, workshops, trainings, cultural events, food bag programs, social events, exercise classes, arts and crafts classes, discussion groups, sports activities, support groups, field trips, and any other group activity that brings people together for education or wellness purposes, provides opportunities for connection with other participants, and that helps participants maintain or enhance their level of functioning.
- 2) Translation - translation assistance provided to consumers that cannot speak/read English. Services may include translation of forms, letters, applications, or phone calls for an individual. It can also include written translation from English of monthly activity calendars, flyers, and verbal translation for group announcements and presentations.
- 3) Social Services – provision of one-to-one assistance for individuals to enable them to resolve problems. Assistance may include information and referral, forms/application completion, home visits, medical escort services, and emotional support by phone or in person.

4) Enhanced Outreach- While there is an expectation that Community Centers will do outreach within their existing budgets to reach their target populations, some agencies may decide to propose more formal outreach plans or a specific campaign to address access barriers in the community. Examples of this may include working with a community collaborative group, designing and implementing an outreach plan for an underserved area, problem-solving certain barriers to service such as safety issues or transportation needs.

The coronavirus pandemic and subsequent shelter-in-place order starting in March 2020 brought significant disruption to Southwest Community Corporation's community service programming and to their clients who rely on their Center for programs and services. The Center received feedback from their community services participants living in District 11 about the increased need for culturally appropriate food support during the pandemic. As a result, Southwest Community Corporation established a dinner program that serves a culturally competent daily hot meal to participants who, because of the COVID-19 pandemic, are sheltering in place and/or need additional nutrition support. Meals meet the cultural and nutritional needs of the program participants, adhere to the current Dietary Guidelines for Americans (DGA), provide a minimum of one-third of the Dietary Reference Intakes (DRIs), and meet state and local food safety and sanitation requirements.

Grant modification

The purpose of this modification is to provide funding in the amount of \$125,280 to Southwest Community Corporation's community services program to support a 6 month extension of their dinner program that was developed during the COVID-19 pandemic. This funding will allow the Center to continue serving 120 of their community services clients residing in District 11 who are sheltering at home and/or are in need of nutrition support. Participants will receive a hot meal daily that meets the cultural and nutritional needs of the participants.

Please refer to the attached Appendix A for more detailed information about the services and program requirements.

Selection

Grantee was selected through Request for Proposals (RFP) #785, which was competitively bid in February 2018.

V. Location and Time of Services

The grantee will provide community services programming in the City and County of San Francisco. The details of the sites and operation hours are located in the site chart.

VI. Description of Services and Program Requirements

1. Grantee will provide community services programming for older adults and adults with disabilities. Community services programming shall consist of activities and services that focus on the physical, social, psychological, economic, educational, recreational, and/or creative needs of older adults and adults with disabilities. Activities and services may be provided in the grantee's Community Center, in the community, via telephone, virtually over the internet, and through other effective means of communication and connection. There are four categories of community services programming:
 - i. Activity Scheduling: Activities may include educational presentations, workshops, trainings, cultural events, food bag programs, social events, exercise classes, arts and crafts classes, discussion groups, sports activities, support groups, field trips, and any other group activity that brings people together for

education or wellness purposes, provides opportunities for connection with other participants, and that help participants maintain or enhance their level of functioning.

- ii. Translation: Translation assistance provided to consumers that cannot speak/read English. Translation may also include the use of American Sign Language, braille, or teleprompting. Services may include translation for an individual, such as translation of forms, letters, applications, or phone calls, and may also include written translation from English of monthly activity calendars, flyers, and verbal translation for group announcements or presentations.
- iii. Social Services: The provision of one-to-one assistance to individuals that enables them to resolve problems. Assistance may include information and referral, forms/application completion, home visits, medical escort services, and emotional support by phone or in person.
- iv. Enhanced Outreach: While there is an expectation that Community Centers will do outreach within their existing budgets to reach their target populations, some agencies may decide to propose more formal outreach plans or a specific campaign to address access barriers in the community. Examples of this may include working with a community collaborative group, designing and implementing an outreach plan for an underserved area, problem-solving certain barriers to service, i.e., safety issues, transportation needs, etc. Enhanced outreach efforts must receive prior review and approval from DAS OCP before commencing.

Enhanced outreach efforts under this specific grant:

Grantee will participate in the OMI Collaborative in order to help determine community need, discuss community issues, and raise awareness of grantee's services. Grantee will also raise community awareness of its programs by participating in community events and conducting outreach at various locations throughout the neighborhood such as events, grocery stores, and COVID-19 testing and vaccine sites.

2. Grantee will ensure that service offerings in the four categories of community services are designed to:
 - i. Provide quality services that attain a high satisfaction level from participants.
 - ii. Provide services that meet the needs of individual participants.
 - iii. Provide physical activities that may improve the health of participants.
 - iv. Increase access to information and educational materials that help enable individual consumers to maximize independence while living in the community.
 - v. Provide activities to increase socialization opportunities for individual consumers.
3. Grantee will develop and maintain policies and procedures that align with city, state, and local regulatory agencies, including the DAS OCP policy memoranda.
4. Grantee will administer an annual consumer satisfaction survey using a survey tool approved by DAS OCP. The grantee will share the survey results with DAS OCP by March 15th each grant year or on a mutually agreed upon date between DAS OCP and the grantee. At minimum, the consumer response rate shall be at least 35% of the annual unduplicated consumers.
5. Grantee will ensure adequate and culturally competent staffing to administer the program,

deliver quality services to meet the needs of the consumer, and adhere to all program standards.

6. Grantee will ensure that units of service provided are tracked and distinguishable.
7. Grantee will attend in-service trainings and meetings coordinated and provided by DAS OCP, and share the information with their staff and volunteers as needed.
8. Grantee shall follow guidance or instructions from the Centers for Disease Control and Prevention (CDC), California Department of Public Health (CDPH), and local health departments related to the provision of services in the community. If there are contradictory requirements between the most current CDC, CDPH, and local health department guidance or health orders, providers should follow the strictest requirements. The grantee shall follow the requirements with the intent to maximize the health and safety of their staff and clients receiving services.
9. For the period of January 1, 2021 to December 31, 2021, grantee will provide a dinner program that meets the cultural and nutritional needs of its community services participants. Meals will meet the nutrition and food service standards set forth by the California Retail Food Code (CRFC) and DAS OCP, including but not limited to DAS OCP policy memoranda #42. A participant will register for the dinner program as a separate activity within the community services program.

VII. Service Objectives

Grantee will enroll at minimum the number of unduplicated consumers and provide the units of service detailed in Table A and B below:

Table A- Community Services	01/01/2021-6/30/2021	FY21/22	FY22/23

2. Consumers feel a greater sense of connection to their community. Target: 85%
3. Consumers report increased consumption of fruits, vegetables, and/or whole grains. Target: 75%.

IX. Reporting and Other Requirements

1. Grantee will enroll eligible consumers into the program funded through this grant agreement by entering the consumer data obtained from consumers, using the DAS OCP approved intake form, into the CA-GetCare database in accordance to DAS OCP policy memorandum.
2. Grantee will enter into the CA-GetCare Service Unit section all service objectives by the 5th working day of the month for the preceding month.
3. Grantee will enter monthly reports and metrics into the CARBON database system by the 15th of the following month that includes the following information:
 - Number of unduplicated consumers served
 - Number and type of service units provided
4. Monthly, quarterly, and annual reports must be entered into the Contracts Administration, Reporting, and Billing Online (CARBON) system as required by DAS and Contracts Department staff.
5. Grantee will submit response rates and aggregated data from the annual participant survey to OCP staff by March 15th of each grant year or on a mutually agreed upon date between DAS OCP and the grantee.
6. Grantee shall submit Community Services Block Grant (CSBG) time study to HSA/DAS for the months of February, May, August and November. The time study is due on the 10th day following the time study month.
7. Grantee shall issue a Fiscal Closeout Report at the end of the fiscal year. The report is due to HSA no later than July 31st of each grant year. The grantee must submit the report in the CARBON system.
8. Grantee shall develop and deliver ad hoc reports as requested by SF-HSA, DAS, and OCP.
9. Grantee shall develop and deliver a bi-annual summary report of SOGI data collected as requested by SF-HSA, DAS, and OCP. The due dates for submitting the bi-annual summary reports are January 10th (June-December data) and July 10th (January-June data).
10. Grantee will maintain an updated site chart, using the DAS OCP approved form, with details about the program.
11. Grantee program staff will complete an Elder Abuse Mandated Reporter Training and the California Department of Aging (CDA) Security Awareness Training on an

annual basis. The grantee will maintain evidence of staff completion of these trainings.

12. Grantee shall be compliant with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) privacy and security rules to the extent applicable and to take all reasonable efforts to implement HIPAA requirements.
13. Grantee will develop a grievance policy consistent with DAS OCP policy memorandum.
